

Application method Sanitary cleaning

Occupational safety

Follow operating instructions.

Use personal protective equipment!

Follow the skincare plan!

Step 1: Preparation

Empty waste containers; check consumable materials like toilet paper, paper towels, soap and hand sanitiser dispensers and refill if necessary. Protect acid-sensitive materials!

Step 2: Dose, prepare ready-to-use solution

First add water, then add the correct amount of detergent, following the dosage instructions on the label. Always use cold water!

Follow operating instructions. Wear personal protective equipment.

The safety advice and instructions for use on the containers, the product information and the safety data sheet must be observed. Please also observe the cleaning and maintenance recommendations of the manufacturers as well as the instruction manual of the machines and equipment used.

Application method Sanitary cleaning

Step 3: Toilet cleaning

Lift toilet seat. Spray sanitary cleaner under the rim. Clean toilet with brush. Place toilet brush in toilet bowl. Rinse red cloth in cleaning solution and wring out. Clean toilet lid, seat and toilet exterior systematically and thoroughly. If necessary, rinse cloth in red bucket or wash in laundry. Flush toilet, remove toilet brush.

Step 4: Cleaning of the wash basin and general surfaces

Moisten fittings with clean water. Then rinse yellow cloth in bucket with cleaning solution and wring out. Clean the surfaces systematically. Rinse fittings with clear water. Work from the top to the bottom.

The safety advice and instructions for use on the containers, the product information and the safety data sheet must be observed. Please also observe the cleaning and maintenance recommendations of the manufacturers as well as the instruction manual of the machines and equipment used.

Application method Sanitary cleaning

Step 5: Clean tools

Properly dispose of the dirty solution, rinse out the bucket and then clean with a damp cloth. Rinse soiled cloths thoroughly and then wash in the laundry machine.
